Somewhat or other, it always seems to make a candidate stronger with the people when they learn that the big party bosses are against them.

When they get out of the Army, a lot of American boys will have, among other things, a liberal education on how to can tomatoes, cut hay, pick apples—and, of course, do the dishes.

## Ration Addicts At It Again

Admittedly, the coal strike impaired coal production but before ration addicts rush the nation into another snowstorm of ration blanks, it would be well to consider the opinion of the men who at least normally still run the coal mines, the former owners and operators. One of the leaders in the coal industry said:

"I think allocation of coal is dangerous to the government, to our war effort, to our civilian population, and to the coal industry. I personally think it is inexcusable. I think if we are short of coal, we are not short over two or three per cent on the year's production. This two or three per cent was lost by strikes which the government could have and should have prevented.

"The way to cure this situation is not to create further shortages. Allocation and rationing will put thousands of people who ought to be at work to interfering with the normal movement of coal. There is a way to cure it. That is by working an extra hour a day until we make up this loss of 15,000,000 to 20,000,000 tons. If we had an 8-hour day, face to face, this shortage can be made up in-between three and four months. Proper government agencies . . . can arrange this and they can arrange immediately for an additional price to cover additional costs."

## What Next?

The OPA has launched a scheme which grants free postage under the franking law to anyone wishing to report price violations. In effect, the government now subsidizes snoopers.

News reports state that "uniform complaint" forms have been sent to OPA regional offices, and by them distributed to various organizations such as labor unions, veterans' posts, women's organizations and consumer groups. These forms are official. They need no postage. If you don't like your neighborhood grocer, all you have to do is look around his shelves for some inadvertent infraction of the inexplicable OPA rules and turn him in—it doesn't cost a cent. As the OPA points out: "We extend the franking privilege so that we would be sure of getting replies. People won't go to the trouble of stamping an envelope. We find that it's not the two cents that holds them back, but the fact that they may have to walk across the street to buy a stamp . . . It makes all the difference

Not as an Ex-Chief of Police, nor as a defeated candidate, but as a plain citizen, I wish to thank those of you who voted for me and to assure those elected of my best wishes for a successful term of office.

The right to differences of opinion is what our Boys are fighting for—I'm for them and I'm for Belle Glade.

Sincerely

N. D. Lloyd

## MANY THANKS

I want those who voted for me, as well as those who didn't to know that it will be my purpose to be a COMMISSIONER for all the people.

To those who did vote for me, I thank you and will endeavor not to misplace your trust; to those who didn't vote for me, I'll be ever ready to help, as far as a Commissioner can, anything for the good of all.

Lonnie G. Warren

## SOMETHING UP HIS SLEEVE?

between getting a volume of complaints and not getting them." How wonderful!

Apparently the OPA is doing its level best to frighten retail distributors out of business, even while paying lip service to the "honest merchant." It is a tribute to the entire distribution industry that it has managed to continue serving the public efficiently in the face of such tactics. How much more stimulating to hard-headed merchants if the same effort that has been expended to catch a few willful price violators, were put forth to ease the burden on legitimate distributors.

## FRIENDS, SUPPORTERS AND VOTERS

My election, without opposition, I believe is an okay on my past performance as your COMMISSIONER, and particularly in the handling of your water department.

Please accept my sincere thanks. I will continue my policies and efforts to secure the water we should have here.

radiators, furnaces, screen cloth and other kitchen and house-hold articles as a result of a recent W.P.B. directive, which reserved a portion of the production or approximately 20 types of products for civilian use. The directive prohibits government agencies from buying goods set aside for civilians.

**Home-Canning of Fish**  
Surplus fish can be canned at home just as vegetables from the Victory garden are canned. The following bulletins on cooking and canning of fish may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C.

**Gun Covers Protect Bibles**  
Bibles which are placed on every life raft and life boat on Army transport vessels are being protected from the effects of salt water by the same type of cover that protects pistols, rifles, and machine guns in the landing operations. Curiously enough, the covers used for pistols are of exactly the right size for copies of the Bible, and have been adopted by the Chaplains Corps as a standard protective covering for them. The covers were developed by the Quartermaster Corps from a pliable,

transparent, waterproof film known as vinyl. They are buoyant enough to float the Bibles if they are accidentally dropped or washed out of the rafts in heavy seas.

**Public May Get Copper Wire**  
The public may purchase copper wire without restriction from retailers, electricians, radio repair men and others who sell it. Under a new War Production Board regulation any retailer or repair man may order up to \$100 worth of copper wire for delivery during any calendar quarter. Civilians must use this with care, W.P.B. officials pointed out, as it will be needed to cover all essential repairs for general public use.

**Soldiers Overseas May Buy Gifts**  
Soldiers overseas may order Christmas presents for their families and friends at home.

## CINEMATIC CHATTER

By Malcolm Miller  
Here I sit with a press book  
strung clear across my desk, like  
a huge circus banner, and all  
ready to screech about "Some-  
thing to Shout About," the fast-  
est musical show out of Holly-  
wood in a real long spell, and  
one with nothing to do with the  
war.

Let your eyes run down this  
cast. Don Ameche, Janet Blair,  
Jack Oakie, William Gaxton,

Cubina Wright, Jr. And Hazel  
Scott, the sensation of air and  
smart cafe's, and many other  
noted names. Then you get the  
songs of Cole Porter, such hits  
as "You'd be So Nice to Come  
Home To," "I Always Knew"  
and "Hasta Luego." You'll be  
whistling each of these songs for  
days to come.

Here is a show we can truly  
say: Something to Sing about!  
There is something doing every  
minute. It opens with a bang  
and just gallops along at a riot-

ous pace. "Something to Shout  
About" is truly something extra  
in the way of gay, light romantic  
entertainment and you'll admit  
this when you sit it out.

For the Tuesday-Wednesday  
offering Jinx Falkenburg, Tom  
Neal, Constance Worth, The  
Radio Routers and The Vaga-  
bonds bring us a delightfully en-  
tertaining show under the title  
"She Has What It Takes."

To round out the show there  
is a swell selection of short sub-  
jects and the current news.  
For downright thrilling enter-  
tainment I think you won't go  
wrong if you attend the theatre  
Thursday-Friday to witness  
"Murder in Times Square" and  
stars Edmund Lowe, Marguer-  
ite Chapman and John Littel and  
featuring William Wright, Bruce  
Bennett and Esther Dale. Out  
of nowhere a killer strangely  
strikes and Broadway's hidden  
secrets are revealed in this plaus-  
ible story which has been ac-  
claimed one of this season's most  
gripping dramas. Also short sub-  
jects and the current news.

Saturday Leo Carrillo and  
Audrey Devine gallop in with  
"Timber." This is a little off the  
"cow drama" track and is real-  
ly a swell story ably narrated  
by the stars and featured play-  
ers.

en from The Methodist Woman

chler.

## CLEAN OF VENEREAL

when, as and if the Doctors say.  
After all, practically everyone  
is handling foodstuffs and a per-  
son affected with venereal dis-  
ease is not legally in the right  
place. It can be made tough, and  
in all probability will be for  
those who do not cooperate.

## NEW ASSISTANT

(Continued from page 1)  
gians that Grady is the recipient  
of Saturday night victims of  
auto accidents and social brawls  
and general entertainment casu-  
alties of the colored race as  
well as the white who indulge  
in such pastimes.

Surgery of complicated ramifi-  
cations demanding exact and  
professional skill are a common-  
place at Grady, and Dr. Harris  
comes to a territory where ac-  
cidents on our mechanically op-  
erated farms is bountifully aug-  
mented by switch blades, cane  
knives and whatever else is  
handy for the proper desire of  
the welder. Gasoline and liquor  
and roaming proclivities contrib-  
ute their share.

We think the doctor will be  
well used and the Glades will  
be lucky to have obtained his  
experience both for remedying  
social accidents and administering  
professional services to na-  
tures deficiencies and accidents.

## THE 3<sup>RD</sup> WAR LOAN DRIVE IS ON!

### 3<sup>RD</sup> WAR LOAN

15 BILLION DOLLARS  
(NON-BANKING QUOTA)

★ ★ ★

## What you will be asked to do—

MARK well the date—Thursday, Septem-  
ber 9th. For on that day, you must  
answer to your country's call.

On that day, the 3rd War Loan Drive  
opens. You will be asked to back our fighting  
forces to the very limit of your resources.  
You will be asked to GO ALL-OUT FOR INVASION  
by investing in EXTRA War Bonds—more War  
Bonds than you perhaps think you can pos-  
sibly afford.

To meet the national quota, every individ-  
ual in the country who earns a wage or draws  
an income *or* has accumulated funds must  
invest, if he possibly can, in at least one EXTRA  
\$100 War Bond. Those who can, must invest  
in *many* bonds—hundreds and thousands of  
dollars' worth more.

Scrape up the money from every source  
you can... turn in all the loose cash you  
carry with you... dig out what you had  
tucked away "just in case." Go without pleas-  
ures, luxuries, even necessities this Septem-  
ber. And give our fighting men the things  
they need to fight with—and win.

These men are throwing everything they

have into this fierce invasion push. They are  
giving their blood, their lives. No one can  
put a price on such courage, self-sacrifice,  
devotion. But you can show you're with them  
to the limit! You can say it with Bonds...  
EXTRA Bonds this month.

## World's Safest Investments

For this 3rd War Loan, you will be offered  
a choice of various government securities.  
Choose the one that fits your requirements.

back \$4 for every \$3 when the bond matures. Interest:  
2.5% a year, compounded semiannually, if held to  
maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000.  
Redemption: Anytime 60 days after issue date. Price:
